Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined, codine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. It is one of the best manufactured products of the present time in its action upon unbalanced, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Chert bark, Quina's root, Blood-root and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have been the strongest endorsement of it in all such cases of such eminent medical leaders as Prof. R. Barlow, M. D., of Jefferson Medical College, Chicago; Prof. Robert A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., of Medical Department, University of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D., and Prof. John King, M. D., Authors of the American Dispensary, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

ALL

In Chronic Cries, Give To Newbro's Herpicide.

This word of life has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who do not know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar disease causes dandruff, itching scalp, and falling hair; this is the disease that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

Fourth of July Horrors.

Wauamie, a mining town five miles from Wilkes-Barre, Pa., was thrown into a fever of excitement yesterday evening when a loud report was heard similar to that of a mine explosion. Men, women and children ran to the scene and soon discovered that five boys had been killed and nine others injured by celebrating the Fourth of July. Two of the killed were brothers, named Pachunis, two others brothers named Shukawicz and the fifth named Long. They had placed powder in a pipe and it failed to go off. They then forced a stick of dynamite into the pipe and began pounding it. A terrific explosion followed. Four of the boys were badly mangled and the fifth died on the way to the hospital. Some of the injured are so badly hurt that they may die.

Little, the 11-year-old son of C. B. Green, formerly of Montgomery county, Md., who moved to Cumberland several years ago, had his side torn out by the explosion of a giant firecracker yesterday. A man had thrown the firecracker. It did not explode and the lad went after it, thinking the fire had gone out. He was horribly burned and mutilated. Other accidents in Cumberland yesterday were as follows: William, aged 15, son of George Wagner, and a companion, a son of Mrs. Mary Rohrbach, were burned by the explosion of a can of gun powder into which another boy unwittingly threw a match. Doctors think the Wagner boy will be totally blind from his burns. Frederick, son of Stanley Butler, of Cumberland, received an ugly cut across his forehead from a torpedo cane with an iron exploding apparatus on the end. The cane was swung by a young son of William List. A large quantity of dynamite was exploded on the hill adjoining Cumberland on the south "early" yesterday morning. The entire city was shaken by the concussion and nearly every sleeper was aroused. No damage was done.

While celebrating the Fourth in front of his home, in Norfolk, last night, William A. Young, formerly a representative in Congress from the Second district of Virginia, was severely injured by the premature explosion of a giant cracker.

A large number of persons were injured in Washington yesterday by the explosion of fire crackers, &c., but no one was fatally hurt.

The Deutschland Wins.

The second eastward trans-Atlantic race between the Hamburg-American line steamer Deutschland and the French liner La Provence ended yesterday morning with a decisive victory in favor of the German boat.

The Deutschland was reported 140 miles southwest of Brownhead at 5 o'clock Tuesday afternoon, and was reported passing Eddystone Lighthouse at the entrance to Plymouth harbor at 6:39 a. m. yesterday. Her time of passage from New York to Plymouth is 5 days 14 hours and 9 minutes, at an average speed of 23.01 miles an hour. The distance covered was 3,093 miles.

La Provence was reported by wireless telegraph when the vessel was 150 miles south of Brownhead at 10 minutes past 5 o'clock yesterday morning.

The Deutschland, for Plymouth, Cherbourg and Hamburg, cleared Sandy Hook bar at 11 a. m., Thursday, June 28, and La Provence, for Havre, followed 1 hour and 14 minutes later. Allowing for this difference in time, the Deutschland beats La Provence nearly 11 hours, against the 4 hours claimed by the French steamer on the previous race.

On the last trip to the west La Provence beat the Deutschland by four hours. The German line's officials had taken a short route, instead of the usual summer steamship lane, but this was denied by the French line.

The Deutschland passed Sandy Hook lights last Thursday shortly before noon, one hour ahead of La Provence. They were not heard from again until Tuesday when the Red Star liner Kronland, on her arrival in New York, reported that on Friday Captain Kempff, of the German vessel, reported by wireless that he was leading La Provence by 50 miles.

After the Ice Trust.

That he would make an earnest effort to have the case against the alleged ice trust tried in the Criminal Court early in August was the declaration of District Attorney Bell of Philadelphia on Tuesday.

American ice securities yesterday fell to 55¢, compared with 60¢ at Monday's closing, owing to the action of the Board of Aldermen in adopting the resolution calling upon the District Attorney to begin criminal proceedings against the officers of the company for alleged conspiracy to advance the price of ice.

Half The World Wonders

How the other half lives. Those who use Bucklen's Arnica Salve never wonder if it will cure Cuts, Wounds, Burns, Sores and all Skin eruptions; they know it will. Mrs. G. H. Smith, 1130 E. BOYS who can PLAY the GAME

WE WANT boys who can "play the game," boys who when they play ball hit it hard and get to "first," the boys who want to succeed and are bound to succeed. We need them and we help them. We pay them good money. They can buy cameras, bicycles, horses—one boy has even bought a house and lot. It's "easy money" SELLING

THE SATURDAY EVENING POST

And there's more in it than the money, for we teach boys methods of success—we teach them how to work out their problems, teach them salesmanship, which is one of the best paid abilities in the business world. It's worth something to a boy to be connected with a large, successful house.

And we take good care of our boys. There are extra cash prizes, camping trips, and other special offers. A boy can start without his reading him a cent, for we furnish his first supply of magazines free, and the money from these will buy another supply, and so on.

We want to send free an interesting booklet about our boys. Get into the game NOW by writing for it.

The Goodloe Co.,

CORNER KING AND PITT STREETS.

President Wesley M. Oler, of the American Ice Company, denies that an ice trust exists, and says he will welcome an investigation by District Attorney Jerome.

The municipal officials in Washington have initiated steps with a view to the prosecution of the responsible individuals if, upon investigation, it develops that the present ice famine in Washington is the result of a conspiracy to raise the price of that commodity in restraint of trade.

Think well over the question before making banking connections—a wise choice in this particular is of great importance, and we are sure a visit to the office of this corporation will demonstrate to your full satisfaction that this is the place for you to open an account. Every progressive idea consistent with solid and conservative banking methods is eagerly adopted by this institution. We pay 3 PER CENT. interest on savings deposits. Our SAVINGS DEPARTMENT shows a very gratifying and healthy state of affairs. The deposits are exceptionally large for an institution two years old and located in a city of this size, showing that the people are not only living within their income but are forming the habit of saving at least a portion of their salaries every week, month and year. We solicit your account, large or small, and promise liberal treatment consistent with prudent business methods heretofore established by us. If you appreciate first class service you will further your interest by at once becoming identified with this institution.
